Way up High in an Apple Tree

Way up high in an apple tree
(point up)
Two red apples smiled down at me
(make fists above head)
I shook that tree as hard as I could
(pretend to shake tree)
And down came the apples.
(bring hands down)
Mmmmmm, they were good!
(rub tummy)

For babies

Bounce babies to rhythm.
Shake baby gently.
Then open legs and
“drop” baby through.
Rub babies tummy.

NESTING CANS

Gather three or more empty fruit or vegetable cans of different sizes. Place masking tape around the lip of each can to cover any sharp edges. Show your child how the smaller cans can nest within the larger cans, and encourage him to nest all of the cans.

Show him/her how to build a tower by stacking the cans on top of each other.

Talk with your child about the differences in sizes while you sort the cans from biggest to smallest.
